

There are so many unclaimed animals in shelters that need soft comfy beds! We try to supply these beds to animal shelters in San Diego.

Bring any of the following materials to the meeting:

- Leftover batting in at least 10 inch width
- Left over or extra flannel or other soft cotton
- Finished dog beds or kitty beds (ask about sizes and patterns at the meeting)
- empty thread spools to be used to make toys for cats

These all go to a wonderful cause and are easy to donate!
